KITTING & FULFILLMENT SERVICES

Complete pick & pack, hand assembly, machine matching, inventory and warehouse solutions, all in house. On and offline inventory / warehouse solutions are available.

Your Supply Chain Partner

Elk Grove Graphics can serve as a vital link in your supply chain, fulfilling your critical print assets as needed. Where most items are manufactured on site, we also will hold your pre-made assets for combination and distribution.

Electronic Storefront Integration

When combined with our electronic storefronts, you gain inventory control and can set inventory minimums; automatically replenishing any stock falling below its pre-defined threshold. Combine this service with our direct mail, data enhancement, and postal presort to further decrease your margins and increase your ROI.

Kitting & Fulfillment Service

Complex marketing promotions can include complex packaging that isn't always conducive to machine automation. Assembling folders of information, boxing samples or even choosing between items in an outgoing package, we take care of kitting and fulfillment in our secure and modern facility. Packages are then shipped based on your instructions. Local delivery, U.S. Postal Service, UPS, FedEx, and expedited options are all available.

HIPAA and other regulatory compliance

As with our data offerings, our kitting and fulfillment services fall under the same HIPAA and SOCII regulatory protections to better serve our customers and give a broader capability to handle your unique situation. This is part of our "Secure from the Start" design and management philosophy.
